

Active duty uniformed-service (including qualifying spouses and dependents), as well as all overseas citizens, are eligible to receive their absentee ballot via email upon request. The voter is still required to print and vote the ballot and return the voted ballot by mail.

If you would like to request to have your absentee ballot emailed to you, you are required to do the following:

- First, request your absentee ballot using the following: Virginia Absentee Ballot Application or Federal Post Card Application.
- Next, indicate email as your preferred method to have your ballot sent.
- Finally, mail, fax or email, your signed, completed application to the voter registrar's office in the city or county where you are registered to vote.

Frequently Asked Questions:

Q. What should I expect to receive?

A. You should expect to receive the following documents:

- Detailed instructions for voting and returning your ballot
- Your ballot
- A "B Envelope" to return your ballot
- If needed, additional information specific to your voter registration status and absentee application

Q. When should I expect to receive my ballot?

A. Virginia requires that ballots be mailed no later than 45 days before most elections. For example, for November general elections, applicants who have already applied can expect ballots to be emailed after mid-September.

Please note that some cities or counties may be sending absentee ballots earlier, so we would recommend that you start checking your email a couple of weeks earlier, after the first week in September for a November general election. Please remember to check your spam or junk email folder.

Q. What is the deadline for my voted ballot to be returned?

A. Virginia requires the signed and voted ballot must be received by the close of polls on Election Day. If your ballot is not received by this deadline, ***your vote will not count unless it can be proved that local voting officials failed to mail your ballot on time or a court order extends the deadline.***

Q. Where do I send my voted ballot?

A. Your signed and voted ballot must be sent **by mail** to the **local voter registrar's office** whose address can be found in the instructions you received with your ballot. No voted ballots can be accepted electronically, by email or fax. Do not send your signed and voted ballot to the Department or State Board of Elections. This could delay processing of your voted ballot and your vote may not count.

If you have any additional questions, please contact the Department of Elections Information Center at info@elections.virginia.gov or call: 804-864-8901, toll free: 1-800-552-9745, TTY: 711.
