

PARI-MUTUEL WAGERING

The following information is provided concerning the local referendum required by § 59.1-391 of the *Code of Virginia* before a license for any horse racetrack or satellite facility can be granted.

"Satellite facility" is defined as all areas of the property at which simulcast horse racing is received for the purposes of pari-mutuel wagering, and any additional areas designated by the Virginia Racing Commission. The Commission is empowered to authorize up to ten satellite facilities and must restrict majority ownership of satellite facilities to an entity which owns a horse racetrack in Virginia and is licensed by the Commission.

"Simulcast horse racing" is defined as the simultaneous transmission of the audio or video portion, or both, of horse races from a licensed horse racetrack or satellite facility to another licensed horse racetrack or satellite facility, regardless of state of licensure, whether such races originate within the Commonwealth or any other jurisdiction by satellite communication devices, television cables, telephone lines, or any other means for the purposes of conducting pari-mutuel wagering.

Before any license to construct, establish, operate or own a racetrack or satellite facility can be granted, a referendum must be held in the county or city in which the racetrack would be located.

§ 24.2-684.1 of the *Code of Virginia* prescribes requirements for petitions being circulated for referenda. The procedures in this bulletin must be followed and you should use the petition form posted to the State Board of Elections website: (http://www.sbe.virginia.gov/cms/documents/Referendum_Petition.pdf). It also is recommended that you consult with an attorney to assure compliance with all legal requirements.
